South Carolina Dam Break Perils Many

HOTEL KEEPER NOTICES LEAK, WARNS VALLEY

No Loss Of Life Is Discovered In Survey

GREENVILLE, S. C., May 5 (AP)—Telephone advice to the Greenville News early today reported the complete collapse of the new earthen dam of the Greenville water company at Table Top Cove, 21 miles north of here, was a matter of two or three hours.

A staff man of the paper reached the dyke and said two huge slides had occurred and that water was beginning to course thru one or two fissures.

It was believed that every person living in the endangered territory had been warned and had sought safety on high ground.

GREENVILLE, S. C., May 4 (AP)—The new dam of the Greenville waterworks system broke early tonight and sent several billion gallons of water rushing down the South Saluda river valley. The homes of a number of mountain families are located in the valley, but first reports did not say whether any of these had been affected.

Reports reaching here said that the break did not carry the dam away entirely but left a jagged hole about the size of a two-story house. The dam, located 21 miles north of Greenville, was 700 feet long and built of earth and stone at the base. It was 738 feet thick at the base and tapered upward 140 feet high to a thickness of 50 feet at the top.

It had a maximum waterline of 120 feet but was not full at the time of the break, having only about 115 feet of water. Its maximum capacity was seven billion gallons, but it was thought to have held about five or six billion at the time of the break.

A leak was discovered at six p. m. by the caretaker, B. W. Anders who warned the valley dwellers. The dam broke at 6:45. A preliminary survey disclosed no loss of life, although property damage was believed to be considerable.

THE WEATHER

Jacksonville and vicinity: Satisfied that the heating system is working efficiently. Old Man Weather sent a long desired rain yesterday and at the same time kept the temperature down. And also satisfied according to prognosticators, that the rain lever is working all right. The Weather Man is going to take a day of rest today and let the customary spring sunshine hold sway.

The barometer reading last night was 29.95 inches, going up from 29.92 inches yesterday noon, giving further indication that showers are on the schedule for today. Rainfall yesterday measured .24 inch in the soil box at the Norbury Sanatorium, where temperatures were recorded as low 61 degrees, high 84 degrees and 62 degrees at six o'clock last night.

Chicago and vicinity: Mostly fair Saturday and Sunday; slightly warmer Sunday; moderate to fresh northerly winds Saturday.

Illinois: Generally fair Saturday and Sunday; slightly cooler Saturday in extreme south portion; slightly warmer Sunday in north portion.

Indiana: Generally fair Saturday and Sunday preceded by cloudy early Saturday; cooler Saturday in east and south portions; slightly warmer Sunday in north portion.

Missouri: Fair Saturday and Sunday, slightly warmer Saturday in southwest and extreme north-east portions.

Iowa: Fair Saturday and probably Sunday; slightly warmer Saturday in extreme east portion.

ESTRANGED FATHER IN ALTON MURDERERS SON

Alton, Ill., May 4 (AP)—A father shot and killed his 4-year-old son and then attempted suicide here tonight in what police believed to be a fit of jealousy. The father, Mellen Craven, 24, took the child from its mother, from whom he had been separated for several days.

Taking the son from the home of friends where the wife was staying, Craven went to his home. Several people in the same apartment heard shots and when the police arrived they found the two lying on the floor, the boy dead and the father critically wounded.

Craven lapsed into unconsciousness and was unable to make a statement.

GENERAL MOTORS IN LEAD AS STOCKS GO TO NEW HIGH LEVEL

Speculators for Advance in Control of Market After Bank Action

(By Stanley W. Pienoski) (A. P. Financial Editor) NEW YORK, May (AP)—Speculation for the advance on the New York stock exchange, headed from the restraint imposed by fears of an increase in the New York federal reserve bank discount rate, ran riot today when more than three score issues crashed thru to record high prices on gains from \$2 to \$12.25 a share.

Total sales crossed the 4,000,000 share mark for the fifteenth time this year but the day's total, \$244,100,000, shares, has been exceeded in five previous sessions. The record of 4,762,400 shares was established on March 27.

Blocks of 10,000 to 20,000 shares appeared on the tape at frequent intervals, thruout the day. Stock exchange machinery was again unable to keep pace with the volume after the market closed.

General Motors common stock, climbing \$9 a share to a new high record of \$205, was again the bellwether of the market. Nearly 350,000 shares changed hands, the day's gain representing an appreciation of more than \$160,000,000 in the quoted value of the 17,500,000 shares of stock outstanding. The demand for this issue was stimulated by unconfirmed reports that directors would authorize a substantial extra cash dividend at their next meeting May 10. Other motors followed in its wake, Chrysler crossing \$75 a share to a new high, but the gains were relatively small.

CHARGES BANKERS IN EAST WANT DEFLATION

WASHINGTON, May 4 (AP)—The statement that farmers and farm organizations suspect the management of the federal reserve system of favoring a policy of deflation for the future, was made by Henry A. Wallace, of Des Moines, editor of Wallace's Farmer, before the house banking committee today in urging approval of the Strong bill which would instruct the reserve board to establish a system of stabilizing the purchasing power of the dollar.

The farmers support the policy of stabilization of the dollar position in the measure, he said, because it would give assurance that the federal reserve banks would not institute a policy of deflation.

PARODY CAFE CLOSED BY CHICAGO FEDERALS

CHICAGO, May 4 (AP)—Another of Chicago's night life centers turned its back skyward today. The Parody cafe entered a consent decree in federal court and was ordered closed for violation of the prohibition law.

It was the second cabaret to submit to the government's move to padlock places where customers are permitted to drink their own liquor.

The Rainbow Gardens was given notice yesterday to close up shop. Both places have 10 days to wind up their business before passing out of existence for 19 months.

COMPLICATION THREATENS IN CHINESE WARS

Nationalists Invade Foreign Quarter; Japs Defend

(By Glenn Hahby) (Staff Correspondent of A. P.) PEKING, May 4 (AP)—The capture of Tsingtau, capital of Shantung province, is the greatest Nationalist victory since the Nanking affair in March, 1927, and has been the occasion of a grave anti-foreign incident comparable with that at Nanking, threatening even more serious international complications.

In the attack against foreigners the Japanese have been the chief sufferers, the Japanese army at Tsingtau filling the role of foreign defenders which the Anglo-American warships filled at Nanking. However, whereas disagreements obliterated positive international action against the nationalists after the Nanking affair, Japan has virtually a free hand to deal with the present situation.

Already a Japanese brigade from South Manchuria is moving toward Dairen, enroute to Tsingtau, from which place 600 additional Japanese infantry departed today to succeed their hard pressed comrades at Tsingtau.

Invade Foreign Quarter With General Chiang Kai-Shek, commander-in-chief of the Nationalist troops, himself at Tsingtau, unformed Nationalists yesterday morning invaded and looted the foreign quarter. A battle between the Chinese and Japanese ensued and so far as can be learned had not yet ended. There were considerable casualties.

DEMOCRATS CARRY TAX SLASH FIGHT INTO UPPER HOUSE

Denounce Treasury Figures as Too Low and Demand Much Larger Cut

WASHINGTON, May 4 (AP)—Democrats carried the fight for their \$225,000,000 tax reduction program before the senate today, denouncing treasury estimates of a surplus of \$212,700,000 as in sight next year to be available for tax reduction.

Senator Harrison, of Mississippi, led the attack with a table of figures showing that for the past seven years treasury surplus estimates have been from \$100,000,000 to \$300,000,000 below the actual surplus. He insisted it was "idle talk" to say that a \$225,000,000 reduction would create a deficit.

From the Republican side both Chairman Smoot of the finance committee and Senator Reed of Pennsylvania, defended the treasury estimates for next year on which tax reduction figures are based. Estimates on actual receipts of the government as shown by the March 15 income tax returns, whereas in the past the estimates had necessarily been based on paper calculations.

A charge by Senator Harrison that the administration was in a hurry to pay off the national debt in order to permit cancellation of foreign war debt and thereby increase the value of loans made to foreign countries by financiers of this nation, stirred a long debate.

ITALIAN DIRIGIBLE ARRIVES AT VADSOE

OLSO, Norway, May 4 (AP)—Continuation of the flight of the dirigible Italia to Spitzbergen has been postponed until tomorrow by General Umberto Nobile owing to snowstorms and the forecast of gales in the Arctic ocean during the night.

The Italia arrived at Vadsoe, in Northern Norway, this morning after a non-stop flight from Stolp, Germany. A small rent was made in the envelope of the ship in landing, but this was not expected to delay further flight. Fresh supplies of fuel were taken on at Vadsoe in preparation for the flight over the Arctic waters to Kings Bay, Spitzbergen.

WALSH QUILTS PRESIDENTIAL DELEGATE RACE

PARTY WANTS SMITH, CLAIM OF MONTANA

Reed To Continue In Fight; Senate To Hear of Fund

WASHINGTON, May 4 (AP)—Formal withdrawal of Senator Thomas J. Walsh, of Montana, from the race for the Democratic presidential nomination, furnished the high light in another day of rapidly moving political developments in the national capital.

The Montana senator, formerly the prosecutor of the senate's Teapot Dome inquiry, expressed the view that recent events quite clearly indicate that the Democrats desire as their candidate Governor Alfred E. Smith, of New York, who now is well ahead of his field for delegates.

Announcing that he would carry on his fight to the finish, Senator James A. Reed, of Missouri, said he wished the Montana man had "arrived at his conclusion before he muddied the waters by entering the California primary" and added that if he were a general he would appear without his army because he had "lost a skirmish."

Plan Funds Testimony While the Democratic campaign thus was taking a new twist, the special senate campaign funds committee laid plans to begin its investigation into pre-convention campaign financing next Monday by examining first candidates for the Republican and Democratic presidential nominations who are members of congress.

Governor Alfred Smith advised the committee that he would be glad to appear one day the middle or last part of next week. Chairman Steiwer said the committee probably would not ask the governor to come to Washington, but would proceed to Albany to hear him there. The same procedure may be followed in the case of Governor Ritchie, of Maryland, the only other active state governor now in the presidential race.

On behalf of Secretary Hoover it was stated he would appear when called, but if the committee received no reply from Frank O. Lowden, another leading contender for the Republican nomination, it would not make known his name.

Special efforts in the development of science, health and education will occupy most of the time Mr. Hurley spends abroad. He will first visit London, arriving there shortly before May 24.

HARRISBURG MINES TO REOPEN ON OLD SCALE

SPRINGFIELD, Ill., May 4 (AP)—Harry Fishwick, state president of the United Mine Workers, announced tonight that the O'Gara Coal company and the Saline County Coal corporation have signed to resume production on the Jacksonville scale basis.

Each concern operates six mines in Saline county near Harrisburg employing a total of 4,678 men. Production is expected to start on a curtailed basis.

Mine B company, Springfield, employing 570 men, was signed by sub-district No. 4 officials today and hoisting of coal will start Tuesday.

CALIFORNIAN TO ORGANIZE THIRD PARTY

Is Retained To Wage Fight Against Gov. Smith

LOS ANGELES, Calif., May 4 (AP)—Fairfax Cosby, attorney and member of the executive committee of the state organization supporting James A. Reed for the Democratic presidential nomination, said today he had been "retained" by members of Progressive Democrats and Republicans to launch a third party if Governor Alfred Smith of New York is nominated at the Houston convention in June.

"If Smith is nominated at the Houston convention I shall, at the request of a number of progressive Democrats and Republicans as well, who have retained me, prepare the necessary organization papers for filing a third party and we will be in the field for a candidate who will support the people," Cosby said.

"Speaking as a private citizen and a Democrat and not as a member of the executive committee of the Hon. James A. Reed and in view of the outcome of the primaries held last Tuesday in California, it is my firm opinion that solid, honest Democrats of the southern states in order to protect their pride as citizens will enthusiastically support an independent candidate for president, that is in the event Smith is nominated at Houston; and I further state, being a southerner that they will not permit Tammany to be thrust down their throats."

Wilbur Leggett, state chairman of the Reed organization, who two days ago telegraphed former Secretary of the Navy Daniels asking him to run as vice president on an independent ticket headed by either Reed or Senator Win. E. Borah, of Idaho, Republican, said that this telegram had brought a flood of endorsement from the south.

VETO IS FATE OF FARM BILL CLAIM CHIEFS

Flood Relief Likely To Meet Same Fate Is Belief

WASHINGTON, May 4 (AP)—Even before finishing touches have been applied at the capitol, the shadow of a presidential veto grew perceptibly darker today over two of the major legislative efforts of the present congress—the Mississippi flood control and McNary-Haugen farm relief bills.

President Coolidge has been giving careful study of the two measures and as far as he has ascertained, neither has been revised sufficiently to meet the obligations of the present congress. He regards the farm measure, which today formally was sent to conference between the house and senate, as still embodying the fundamental principles to which he has expressed strenuous disapproval. As to the flood bill, he believes that but little has been done to meet his views.

Of the chances offered in the farm bill, the president feels that only a handful of the provisions that led to his veto of the measure last session have been eliminated. In addition, he looks upon these revisions as only incidental and not touching upon the principal features to which he objects.

WOMAN LEAPS TO HER DEATH IN NEW YORK

NEW YORK, May 4 (AP)—Mrs. Rae Fleishman, aged 22 of Chicago, leaped to her death today from a twelfth floor window of the hotel Prinsament in upper Broadway. She was a guest at the hotel with her husband.

Workmen completed building nearby saw her loitering near the window for half an hour before she climbed to the sill and jumped into a rear airway, they told police.

When Fleishman returned to the hotel he identified the body as that of his wife and then collapsed.

A friend of the husband, said Mrs. Fleishman had been in ill health sometime. They were married last July.

MAP GLOBE GIRDLER PAYS NEW YORK VISIT

New York, May 4 (AP)—Ryukichi Matsui, Japanese globe girdler who sought to make the westward circumnavigation in 36 days, paid New York a fleeting visit today six hours behind schedule and too late to do better than 11 days for his long but speedy journey.

It was a passenger on the Aquitania, which docked at six hours' late, preventing him from making connections with an air mail plane at Hadley Field which would have taken him to Chicago in time to reach Vancouver B. C. by air tomorrow.

Tokichiro Araki, who is racing eastward in an effort to beat Matsui's westward time, was somewhere between Moscow and Manchuria on a train today.

BONNEY, VETERAN OF AVIATION, IS KILLED WHEN PLANE CRASHES

Was Flying Wing Flapping Machine in Test Flight at Mineola, Florida

CURTIS FIELD, N. Y., May 4 (AP)—Leonard W. Bonney, a pioneer aviator, was carried to his death today when his strange wing-flapping airplane crashed in its first flight.

Bonney, who was taught to fly by Orville Wright, called his craft the Bonney Gull because he had shaped its wings as closely as possible to those of the sea bird. A large crowd witnessed the take-off and cheered as the ship left the ground after a run of approximately 400 feet. It rose about 50 feet and appeared to function excellently for a distance of 3,000 feet.

Just as the ship cleared the boundary of the field it suddenly nosed down and crashed. Bonney was picked up unconscious 50 feet from the wreckage. He died at the Nassau county hospital, Mineola.

Before the wreckage could be taken back to the field souvenir hunters have removed several parts.

The flier had spent approximately two years in designing and building the plane, which was equipped with a motor of his own patterning. It was said that he obtained many of his ideas for the ship from a study of a motion picture of a sea gull in flight. His object, he had explained, was to attain "bird efficiency" in airplane flight.

It was said that Bonney valued the ship at \$100,000. An attempt made by Bonney to fly the ship late last fall, ended in the landing gear being broken.

Bonney was of the old school of fliers and had flown in Japan and Mexico and more recently had flown a "maneuver," a flivver-type plane. He was 53 years old and lived at Flushing, L. I. His widow survives.

BANK NEAR MT. VERNON HELD UP IN DAYLIGHT

MT. VERNON, Ill., May 4 (AP)—Two unmasked men entered the Farmers' State Bank at Keokuk, fifteen miles east of here, at 10:30 a. m. today, held up cashier Oris Allen and his wife and escaped in an automobile with \$2,279.97. They overlocked a bag of gold coins.

MT. Vernon officials were notified that two men were held at Salem, Ill., as suspects, but later information brought out that they had no connection with the robbery and were released. The search continued tonight in several sections where cars answering the description of that used in the robbery were seen. Sheriffs in half a dozen counties have been watching the main roads, but have directed the search to express the belief that the robbers had driven on little used rural roads away from the main highways.

RADIO FIRMS MERGE Chicago, May 4 (AP)—Stockholders of the All-American Radio corporation Friday ratified a contract affecting the consolidation of their company and the Mohawk corporation of Illinois. Combines sales for the companies for the past season reached \$4,000,000.

Stockholders also approved the issuing of an additional 50,000 shares of Class A stock and 100,000 shares of the Class B. The new company will be known as the All-American-Mohawk company.

WILL DISCUSS CHICAGO HOME RULE PROBLEM

Disposal Of Gas Tax Fund Also Will Be Argued at Meet

CHICAGO, May 4 (AP)—Governor Len Small will convene the Illinois assembly in special session, May 15 for the consideration of "home rule" for Chicago, he announced tonight.

His announcement followed a two hour conference with Mayor William Hale Thompson and Walter W. Schroeder, the governor's personal attorney.

"In accordance with the plan made by me," says the governor's formal statement, "during the recent primary campaign, I will call a special session of the general assembly to convene May 15, for the purpose of giving to the people of Chicago the right of home rule in the management and control of their public utilities, as well as full power to negotiate and grant franchises to utilities serving the people of Chicago, such franchises to become effective only when approved by a majority vote of the people."

"It is my plan also to communicate with the mayor and city council and request that they prepare bills and have them ready for submission to the legislature on May 15."

The governor indicated that disposal of the \$6,500,000 collected by the now defunct gasoline tax would be considered at the special session. It was said that there would be no attempt to enact a new gas tax law.

AIRPLANES STRIKE IMAGINARY FOE IN VIRGINIA MANUEVER

Many Planes Show Attack Tactics in Trials at Langley Field

LANGLEY FIELD, Va., May 4 (AP)—The first of a series of more than a score of 300 pound air bombs, exploding in almost a single prolonged earth-rocking blast, marked the high point today in a massed demonstration here of battle tactics by newly organized fighting ships of the army air corps.

Beyond a high growth of brush, which masked the targets simulating an infantry battalion, surprised on the march, a leaping pall of dark smoke, dust and earth, loomed up as the 20 odd big bombers fled by overhead. The earth shook, and the huge airship, half a mile away, seemed to have half a mile away and wavered with the force of the explosions.

Before the bombers struck, coming from the side of the marching column, it had been raked from end to end by successive flights of machine guns. A continuous scatter of machine gun bullets, as each group, moving with the precision of troops on parade, dipped and swept downward with motors roaring and struts shrieking in the wind of the 200 mile pace.

They seemed hardly a hundred feet above the target as they swept by it, ridding the earth below with bullets to beat out their mimic harvest of death. From each attack plane, as it went by, a stream of 17 pound fragmentation bombs dropped and a haze of smoke and dust sprang up to outline sharply the position of the column attacked.

HARRISBURG MAN TO HEAD STATE GROUP

BLOOMINGTON, Ill., May 4 (AP)—Clarence Bonnell, Harrisburg, Ill., was elected president of the Illinois State Academy of Science at the closing business session of the twenty-first annual convention today. The convention ends tomorrow with a series of geological tours.

A resolution favoring a "mathematical and astronomical" calendar, providing for a 13 month year, to supplant the Georgian calendar now in use, was adopted today. Dr. A. R. Crook, curator of the state natural history survey, Springfield, offered the resolution.

Other executive officers filled were: first vice president, R. H. Lincoln, Normal; secretary, Dr. L. J. Thomas, Urbana; treasurer, G. D. Fuller, Chicago; librarian, Dr. Crook.

More than 200 scientists attended the meeting.

SELECT LINE-UP FOR
MERCHANTS BALL TEAM

With the arrival of Edlich, former St. Louis Browns pitcher and the star of the State Hospital Twilight League team last year, all players selected to start in the first game of the Springfield Merchants on hand yesterday. Other players named yesterday by Managers Jack Grady and Frank Fernandez of the Jacksonville Merchants team.

Edlich made a record in the twilight league last year by striking out 13 men in one five inning game and 12 in another. He is in the best of condition, and may be sent to the mound for the locals. Grady and Don Beane are to handle the catching for the Merchants, with Erickson slated to do some of the pitching. Conrady and Augustine are vying for first base position and Fernandez and Krug are planning to divide second base work. Williams has been secured for shortstop and Julius Peskin, former Chicago high school league player, has been signed for third base. Klesy Christopher, Dams and Werner were signed for the outfield positions.

COLORED TEAM BEATS
FIRST WARD PLAYERS

Rapping the oranges of two first ward pitchers for 18 runs the Colored team in the American Legion Junior League defeated the First ward nine last night in a game played on the East Independence Avenue school site 18 to 7. Chassis leader of the day supreme in Beauty too

The New Hudson's distinction in vogue is adding thousands of beauty lovers to the hosts who want its supremely brilliant performance. And all are delighted to find, with all its other economies, a gasoline saving never attained by a car of its weight and size. Any new Hudson owner will be proud to tell you all about this new advantage.

The consistency of Hudson leadership is but the performance of its first principle, resolution and tradition—to always lead in value. Thus it was the first car at moderate price to give truly great performance, smoothness and reliability—the industry's standard today.

Thus it was the first in the development of American closed cars, and such smart turnouts as the Town Car and Speedster. The Coach—a Hudson invention—turned the entire industry to closed cars.

The Super-Six principle and its companion invention that turns waste heat to power, is the most efficient combination in development and transmission of power, within our knowledge.

STATE NORMAL WILL
PLAY COLLEGE TODAY

Brockett Picks Hinz to go to Mound for Locals—Part of Team Still Out on Account of Illness—Game Called 2:30.

After two set-backs, following two victories, the Illinois College baseball team will attempt a comeback here today with State Normal of Normal, at the Hilltop field at 2:30 o'clock. Hinz, and either Meyers and Kirkpatrick, Normal aces, is expected to face the collegians.

Coach Brockett's line-up is still handicapped by illness, but the team is acquiring seasoning and more confidence is being expressed around the gymnasium. Roy Carlson will probably be on the receiving end of the Illinois battery, and Beane will probably play first base. Thomas is slated to play second base, and Schuster or Ben Wright will play shortstop. Klatt will probably be back on third base, with Newkirk, Conrady and Cusle slated to take the outfield positions.

State Normal defeated Charles Normal 11 to 8 in a game played earlier this year, but fell before its old rival, Illinois, West 18 to 7. Last year Illinois won two close decisions from the Normalites, one of the games going to ten innings. It has been reported here that eleven letter men have answered Coach Horton's call for baseball.

Athletic authorities at the Hill yesterday said that the game would be played if no more rain fell. The diamond was in fair condition last night and it was believed that it would be in the best condition of the year if no more rain fell.

IOWA STATE WORKS
TRIPLE PLAY TO WIN

Springfield, Ill., May 4. (AP)—Iowa State Teachers of Cedar Falls, Ia., worked a triple play and defeated the Western Illinois State Teachers, 8 to 2, in a baseball game today.

The triple play came in the third inning when Frick, Iowa second baseman, went to deep right field to catch Sullivan's drive, tossed to his mate covering second, who in turn tossed to first, catching both runners.

AUGUST BEAT LAKE FOREST
Rock Island, Ill., May 4. (AP)—Augustana college won its second Little Nineteen baseball game today, defeating Lake Forest, 8 to 7. Hodie, Augustana shortstop, saved the game for his team in the ninth inning with an unassisted double play.

SEATTLE RUNNER WINS
PONTIAC-JOLIET LAP

JOLIET, Ill., May 4. (AP)—Plooding through an intermittent driving rain, E. D. Gardner, sturdy Seattle runner, jumped from sixth to fifth place in the transcontinental road race by winning today's 59.1 mile lap from Pontiac, Ill., to Joliet.

Today's lap was the longest since the race began at Los Angeles, March 4. Gardner's time was 7:43:52. Gusto Umek of Trieste, Italy, finished second in today's long lap, easily retaining eighth place. His time was 7:54:25.

Peter Gavuzzo of Southampton, England, who is leading the field of 71 runners, boosted his margin over his nearest opponent, Andrew Payne of Claremore, Ok., by finishing the lap in a tie for third place with Ollie Wantinen of New York. Roy McMurry of Indianapolis and John Salo of Passaic, N. J., their time was 10:16. Payne, tied for seventh place in the lap with Phillip Granville, Hamilton, Ontario, in 8:51:38. Thus Gavuzzo increased his lead over Payne 41 minutes and 22 seconds.

"FAN BREEZES"

Today is one of the big days for Jacksonville athletes.

Coach Mitchell and his squad of chider artists will leave here this morning for Decatur where the thinly clad will meet the best in the Big Twelve in the annual meet.

Urbana is a strong favorite to win the meet, but as we have said before, Jacksonville will come back with more points this year than it has in a long time.

We made an error when we said the golf matches were to be played over the Decatur Country club course. The matches will be played at the Sunnyside links.

Perhaps we aren't being fair to John, but we simply must tell Smith, our Waverly friend, that John has sworn off women until after final examinations.

Lloyd G. Becker, who has been coaching at Stonington, for the past two years, has been signed to coach at Havana next year. Becker was recommended to Havana by Mark Peterman, Canton's wonder coach.

J. J. Love, who has been coaching basketball at Chandlerville for several years, has been named as basketball coach at Russellville. Arthur Cox, graduate of Illinois College, will remain a director of athletics and head football and track coach, and will resume officiating at basketball games.

Allan "Cyclone" Smith, who graduated from Illinois College last year and who has been acting as assistant football coach, assistant basketball coach and head track coach at St. Johns Military Academy, Delafield, Wis., has signed a contract for next year with a considerable raise in salary.

"Cyclone", who was noted for his stoking qualities in college, made good at St. Johns when one of the main coaches became ill and he took over the work. Smith reported for the Illinois College football team for four years, made the squad every year, and did not play in a game until his senior year, when he participated in the last game of the season. He was called by Coach Harmon, "one of the best tacklers" he ever developed.

Another announcement which struck us with considerable force concerned Byron O. Cully, former Jacksonville and Illinois College star, "Bo", who was one of the best half-backs in the Little 19 seven years ago, and who coached at Flora, and who has been coaching for the past two years at Monmouth, has signed a contract with the Freeport, Ill., board of education as principal of the junior high schools.

"Bo" is leaving the coaching field entirely, and is going in for the executive end of school work. He is to take up his work next fall.

Martin Graff, also a graduate of Illinois College last year, has signed another contract with New Boston High to act as coach and instructor next year.

Knock Three Boston Pitchers Out of Box and Get 21 Safeties During Game—Grimes Pitches Steady Ball for Pittsburgh.

PITTSBURGH, May 4. (AP)—Pittsburgh took the second game of the series from the Boston Braves here today, winning 13 to 3, when the Pirates went on a wild hitting orgy at the expense of three Boston pitchers.

Hornsbly accounted for the Braves' three runs by driving in two of them and scoring the other.

Paul Waner got four hits, including two doubles, a triple and single.

VIRDEN WINS M-S-M
MEET; WAVERLY THIRD

Eleven Records Tumble in Assault at Virden—L. S. D. Places Sixth in First Meet—Miki Sets New Record.

Virden, May 4. (Special)—Eleven records fell today in the annual Macapungu, Saginaw, Morgan county league track and field meet, with the track in comparatively poor condition. Miki, of the Illinois School for the Deaf of Jacksonville and Robinson, of Waverly, set new records in the javelin throw and standing broad jump respectively.

Virden ran away with the meet, piling up a total of 62 points. Auburn was second with 34 points and Waverly was third with 19 points. Diverson and Pawnee tied for fourth place with 14 points each and the Illinois School for the Deaf was fifth with 12 points. Illapolls was seventh with seven points.

The Tiger half mile relay team forced another new record, pushing Virden's team hard in the event and placing a close second.

50 yard dash—Tyler, Diverson, first; Nickolas, Auburn, second; Riechell, Virden, third. Time: 5-4-5 seconds.

Pole vault—Ivie, Illapolls, first; Alexander, Pawnee, second; Mottler, Virden, third. Time: 10-0-0 feet 6 inches.

Shot put—Schramm, Waverly, first; Riechell, Virden, second; Dolence, Auburn, third. Distance: 10 feet 23 inches.

Homers Feature Opening East-West Game in Yankee Stadium As New York Wins 10 to 4—White Sox Outfit Yanks 13-11.

NEW YORK, May 4. (AP)—Babe Ruth and Joe Dugan hit home runs today as the Yankees routed the Chicago White Sox, 10 to 4, in the opening of the season's first west-east series in the American League. Thomas, Cox and Barnabee were hit at opportune moments and Thomas was wild.

Herbert Pennock turned in his fifth victory and although the visitors outlived the Yankees, 13 to 11, the star left handed never was in danger. He carded up after a lead of 10 to 1. Dugan found the bases filled when he fouled a drive into the left field grand stand for the circuit in the first, but nobody scored ahead of Ruth as he straightened one of Cox's curves out in the sixth for his sixth home run of 1928. Dugan got three hits and cash four out of four.

KING GEORGE'S HORSE
WINS NEWMARKET RACE

NEWMARKET, Eng., May 4. (AP)—Today was King George's day at Newmarket. Under perfect weather conditions he saw his filly, Scuttle, win his Majesty's first classic race—the thousand guineas.

The monarch's delight apparently was shared by the thousands of spectators. A cheering shout arose as Scuttle crossed the finish a length ahead of Lord Dewar's Jurisdiction.

From the victorious filly, the faces of the huge crowd were turned toward the royal owner and snatching off their hats, the people cheered with prolonged enthusiasm, recalling the days of King Edward's popular turf successes.

The Prince of Wales and Princess Mary were present to share the delight of their royal father. It was the second royal victory in this event since it was first run in 1811.

MANY PARENTS SEE ANNUAL ART EXHIBIT

Ad Mary
Beginning with last Tuesday through Thursday, the annual art exhibit was held in the girls' gymnasium in the high school, under the supervision of Miss Herman. The exhibit included all work from the first grade through the high school. The exhibits were so arranged that the progress from the first grade through the high school was interesting to note.

The grade schools contributed health posters, doll houses, the house of the three bears, designs, costumes and paintings of flowers and landscapes.

High school work consisted of lettering, all-over designs, tooling, leather work, painted handkerchiefs and scarfs, Christmas cards and several drawings with the terra cotta pencil. George Vasey had an unusually good one. A cast of a hand also deserves praise.

Marvel Gellidays sketches of Brutus and Greta Garbo and George Vasey's portrait of Dorothy Graham certainly deserve honorable mention.

Each night brought a large crowd to the gymnasium and the exhibit was enjoyed by all who saw it.

GIRLS' CLUB ENJOYS NICHOLS PARK ROMP

A picnic was held for the Girls' club Thursday evening at Nichols Park. After collecting the food, the group adjourned to the park where the girls proceeded to enjoy themselves on the apparatus at the playground.

In the first contest of the track meet which was held, Group seven won. In the running race, Helen Chadwick took first; Helen also led in the running broad jump, jumping a distance of 10 feet 11 and one-half inches. Marion Cocking took first in the point race.

In the relay race Sarah Bennett came in first. In the entire meet Group 1, of which Helen Sturdy is monitor had the most points, for which they were awarded the aluminum loving cup.

Probably the most appreciated part of the refreshments served were the ice cream lollipops.

DEBATERS DIVIDE IN MEET WITH SPRINGFIELD

Jacksonville high school debaters divided honors with Springfield last Tuesday in a debate on the question, "Resolved that the essential features of the McNary-Haugen bill be enacted into federal law." Both the Jacksonville and Springfield Negative team won the decision over the affirmative.

The debaters represented Jacksonville in Springfield were Lois McNeely, William Boston and W. B. Rogers. In Jacksonville the debaters were Ethel Mae Caviness, Bob Hartman and Charles Watson. The two coaches were Miss Hunter and Miss Cully.

The critic judge of the debate in Jacksonville was Leslie Bradley, head of the public speaking department of the Harrison technical school in Chicago. In his discussion he said that in the several years of experience which he has had in debating and training debaters, he had never seen a better piece of strategy than that used by Charles Watson in his final rebuttal speech.

AG CLUB ENTERS IN JERSEYVILLE CONTEST

The agriculture department of the Jacksonville high school sent a team of nine boys to Jerseyville on Friday, May 4, to enter in the sectional judging contest to be held in that city. Twelve schools in this part of the state were represented.

The classes judged were horses, swine, sheep, beef cattle and dairy cattle.

Those who represented Jacksonville are: George R. Wilson, Reat Schofield, Ray Turley, Lloyd Smith, Harrison Hart, Harold Hamel, James Hadden, Buford Keener, and Oran Feeneyhough.

The other schools entered in the contest were Athens, Bluffs, Chapin, Greenfield, Jerseyville, Palmyra, Pittsfield, Tallula, Virden, Waverly, and Winchester.

STUDY BACON

Miss Kamm's English classes have been studying Francis Bacon this week. Their Friday assignment was to write an essay about him.

These assignments were of various nature. They treated Bacon as an essayist, a scientist, an author, a lawyer, and a contemporary of Shakespeare.

The essays were read and graded in class.

Does time really pass more swiftly in J. H. S. than in other places? More than one has been heard to remark, "I'd just love to, but I haven't the time."

Why haven't we the time? Where do we put it all? Let's investigate.

The scenes are laid now in west hall or in the library. Time seems to stop there and rest. Anxious eyes glance nervously at the clock.

"Fifteen minutes left—how can I stand it?" you think, then yawn once or twice, glance around at your fellow-sufferers, cast your eyes on a page on which your mind doesn't register, then back to the clock again, then back to the clock again.

"Ten more minutes!" Gee, the clock runs slowly in here. Wish that bell would ring!

Another wearisome five minutes, during which you glance around the room to look at Mary's new bracelet again, or at Janet's dress which you tell yourself you don't like, but which you are inwardly craving.

"Two more minutes, what can I do until that bell rings? I'm bored to death!"

At last the bell!

"Jane, will you translate the next five lines, please?"

"I'm sorry, Miss Porch; I had so much to do I just couldn't get my Virgil. I just didn't have time."

And there you are.

CONTESTANTS PRESENT SUBJECTS AT ASSEMBLY

J. H. S. students were given an opportunity to present their subjects at an assembly Wednesday night to hear those who are representing the school in the literary events of the Bk Twelve meet at Decatur Friday and Saturday.

Hazel Ruyle gave an interpretative reading entitled "The Prayer." Julian Rawlings gave an oration, "The Constitution," and George Nicol gave a dramatic reading, "The Finger of God."

The representative in extemporaneous speaking, Albert Cully, was unable to appear on the program because of illness.

This program served both as an opportunity for the contestants to become accustomed to appearing before an audience and for the students themselves to see the talent which is representing J. H. S. at Decatur.

Anti-League of Nations Debate Team is Winner

"Resolved, that the United States should enter the League of Nations" was debated in Miss Hunter's second and seventh period world history classes and in her fourth period modern history class, by two teams from Mr. Sheppard's second period American history class. After the debate was held, a vote was taken concerning the issue itself and as to the merits of the debate.

The negative team won by a large majority in both cases. An informal discussion of the issue was held, in which members of the classes were allowed to ask questions of the debaters.

Those on the affirmative team were: Norma Davis, Virginia Terhune and Lois McNeely. On the negative team were: James Burch, Anna Margaret Vannier, and Cella Breeding.

HOTEL KEEPER NOTICES LEAK, WARNS VALLEY

(Continued from Page One)
Warning that all was not well with the great bank of earth was sounded about 10 days ago when following heavy rains, a seepage was reported. Officials made an inspection and report at that time no immediate danger.

Hundreds of residents of the valley probably owe their lives and safety of their property to quick action on the part of B. W. Anders, an inn keeper at the cave. Noting the leak at 6:30 o'clock, Anders started the effort to get all persons out of danger and protect property.

He warned Dr. John Perdue and Dr. John Parker, Greenville physicians, who were fishing four miles below the dam. They fled and escaped the flood, reports reaching here early but late tonight had not returned to the city. They were reported marooned on the flooded Georgia highway beyond the river.

After warning the fishermen, Anders hastened along the valley warning farmers and other residents until it is believed all were able to reach safety.

GENERAL MOTORS IN LEAD AS STOCKS GO TO NEW HIGH LEVEL

(Continued from Page One)
Heavy accumulation of such seasoned dividend paying issues as American Bank Note, American Can, American Telephone, Consolidated Gas, Dupont, Eastman Kodak, International Telephone, Philadelphia, and Public Service of New Jersey, all of which sold at the year's best prices, was widely interpreted as indicative of a strong reinvestment demand. There was also a brisk demand for a number of non-dividend paying low priced issues which Wall Street generally refers to as the "cats and dogs."

With Pools furnishing the buying stimulus, Airplane stocks also were outstanding features in today's session, both Curtis and Wright soaring about \$12 a share to record high prices at \$108 and \$158.50, respectively.

WARNS AGAINST IODINE
Chicago, May 4. (AP)—Götter trouble is on the increase in Chicago and all the iodine in the world won't help you if you are more than 21 years old, Dr. A. H. Kegel, commissioner of health, warned business men today.

"The majority of goiter cases which come to our attention are due to taking iodine as a cure," the commissioner said. "Only in the adolescent stage can goiter be cured by such treatment."

COMPLICATION THREATENS IN CHINESE WARS

(Continued from Page One)
lies on both sides among the troops, with the death of many civilians and heavy loss of property belonging to British, American and Japanese residents, due to the looting and fighting.

A wireless message at two o'clock this afternoon reported that fighting had been resumed, the truce established at 7 o'clock in the morning having been broken by the Nationalists.

Five Japs Killed
The Japanese, numbering about 300, who are defending the foreign quarters to the west of the walled city, are known to have lost 5 killed and 28 wounded. Lieut. General Kukida, although unable to report accurately on the casualties, expressed the fear that several Japanese civilians outside of the defended zone had been murdered by Nationalists, some of them with torture.

There is no confirmation of any loss of foreign lives other than Japanese and no estimate is given of the Chinese casualties, which are believed to have been heavy.

The Japanese military wireless brings Peking's only trustworthy information. The Chinese version is not available here, since Tsingtau is in the hands of the enemy. The Japanese incidentally mentioned that they are protecting other nationals than their own; hence it is assumed that two American consuls, Edward F. Stanton and Ernest B. Price and the remaining American residents, mostly missionaries, are in the city.

The American legation at Peking has no reports from the Tsingtau consulate since the city fell, May 1. Early Japanese messages gave vague and conflicting details because the headquarters were for a long time separated from the wireless station by the battle area.

Northern Troops Scatter
WASHINGTON, May 4. (AP)—The scattering of the Northern Chinese forces in Shantung province is indicated in advices reaching Washington today which said that some 8,000 defeated Northern troops were endeavoring to enter the walled city of Nanking, 120 miles east of Tsingtau which has fallen in the hands of the Nationalist troops.

These advices forecast that the Chinese region would soon be the destination of large forces of defeated Northern troops and added that the Japanese there are making preparations accordingly.

Chico, and the district thereabouts, was reported quiet, but anti-Japanese leaflets, presumably of Nationalist origin, were appearing.

DEMOCRATS CARRY TAX SLASH FIGHT INTO UPPER HOUSE

(Continued from Page One)
From all sides of the chamber protests against a possible repudiation by France of its debt to America. The debt settlement made by Secretary Mellon and former Ambassador Berenger for payment of France's war debt has not been ratified by either country.

Senator Reed, of Pennsylvania, and chairman Borah, of the foreign relations committee, opposed suggestions to refund any more of France's debt.

Senator Brookhart, of Iowa, one of the western Republican independents who are bitterly opposed to repeal of the inheritance tax, gave notice today that he was against tax reduction and in fact preferred increasing some of the taxes.

THREATEN WIDOW OF SLAIN CHICAGO MAN

CHICAGO, May 4. (AP)—Mrs. Joseph Szczepanski, widow of the grocer for whose murder five boys were sentenced to 25 years in the penitentiary, received a letter today threatening her life and that of her six-year-old son.

"You and your son are going to be killed, since you learned your son how to lie in court so good," said the note. "Now your minutes and days and hours are being counted, so it means you will get a bullet and be prepared. So wishing you a lucky bullet."

The letter was signed "Mrs." and was turned over to postal authorities.

SIGNS FISH BILL

Washington, May 4. (AP)—President Coolidge signed a bill today authorizing the department of commerce to determine the best means to prevent the destruction of fish by ditches, canals and other federal works constructed by the interior department. A sum of \$50,000 was authorized for the execution of the act.

HAYWOOD BETTER

Moscow, May 4. (AP)—William D. (Big Bill) Haywood, former leader of the Industrial Workers of the World who has been seriously ill in the Kremlin hospital following upon a stroke, tonight was reported considerably improved. His physician believed that he was out of imminent danger.

UNIDENTIFIED PLANE FALLS IN LAKE ERIE

ERIE, Pa., May 4. (AP)—An unidentified airplane late today crashed into Lake Erie off Long Point, Ontario, across the lake from here, and exploded, Captain Joe Divell of the fishing tug Ruth reported tonight. It was unknown how many persons were aboard the plane.

Captain Divell, who said he saw the plane fall into the water, maneuvered his craft about for an hour or more hoping to pick up the pilot and others who might have been in the ship. Nothing appeared on the surface, he said, except parts of the plane.

The tug captain picked up two wings, one described as grey and the other as blue, a tire, two caps and a sheepskin coat. Divell said the machine was a biplane, but could furnish no other details. The wings had no markings, he said.

Divell said the plane crashed at a point not far out in the lake and that an explosion, apparently that of gasoline followed.

VETO IS FATE OF FARM BILL CLAIM CHIEFS

(Continued from Page One)
Opposes Fee Principal
The farm bill's equalization fee machinery for crop stabilization is the chief point disapproved by the white house. Opposition to this feature was stressed in Mr. Coolidge's veto message on the former measure and at the same time attention was called to an opinion by Attorney General Sargent that the fee was unconstitutional.

Mr. Coolidge likewise regards the flood bill as embodying many points of an objectionable nature. Despite the valiant effort by house administration leaders to revise the measure to conform to his views, he feels that but little progress was made. He had hoped to talk with members of the house and senate conference committee regarding the measure, but the managers completed their work in the legislative journey at the capitol, Rep. Tilton of Connecticut, Republican house leader, announced that it would be taken up by the body tomorrow and there is every belief that it will be approved speedily. It then will go to the senate for final action.

Which likewise is expected to be taken without much discussion. The measure, proposing a comprehensive plan for the gigantic engineering work necessary to control the Mississippi's flood waters, then will go to the white house where, in view of the president's attitude, its fate is problematical.

Mr. Coolidge has disclosed that his principal objections center on the lack of contribution by the Mississippi valley states toward the undertaking.

MODISH MITZI

Marie Becomes Curious

By Jay V. Jay

Arriving tomorrow at 4 p. m., reads the telegram from the Goofer's nephew, Jack, who has been specially invited to save a trying situation. Marie tried with all the ability of her 14 to 15 years to make a match between the Goofer and Mitzi. Now the tables are turned. Jack is invited to amuse Marie. . . .

THAT'S NO ARGUMENT! WHEN ROCKEFELLER GOT MARRIED HE HAD TO BORROW TWO BUCKS TO GET THE MARRIAGE LICENSE!

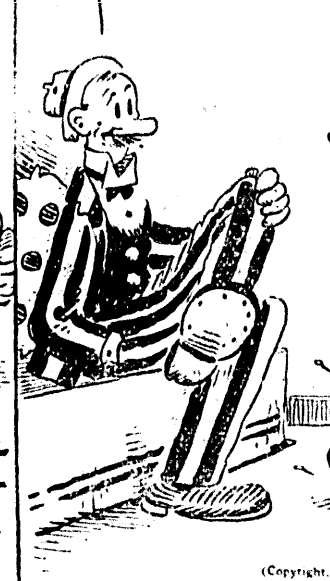

YES, BUT I'M IN DEBT, AND—

WHAT OF IT? THINK OF THE OTHER SIDE OF THE QUESTION! A WIFE, A HOME—AND WHO KNOWS?—PERHAPS A FAMILY!

THINK OF THE PLEASANT EVENINGS AT HOME, SITTING BY YOUR WIFE AS SHE KNITS—

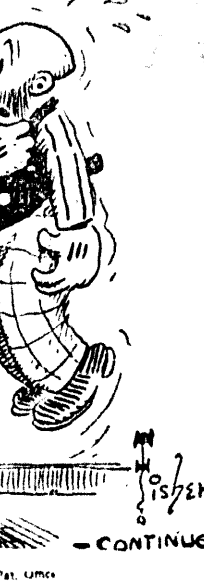

NO! I'VE MADE UP MY MIND! I'M GONNA REMAIN SINGLE!

KID, YOU'RE GONNA GET MARRIED! AND HOW!

WHAT'S THIS?

NOTICE OF PROPOSAL FOR EXCHANGE OF RESERVOIR BONDS

By virtue of authority granted by the City Council of the City of Jacksonville, Illinois, notice is hereby given that holders of outstanding "Reservoir Bonds" issued by the City of Jacksonville, Illinois, on or before May 20, 1928, and now a lien on the reservoir property of the City of Jacksonville, are granted the option to exchange said bonds for Municipal Bonds of the new issue known as "Water Works Reservoir Bonds" authorized by the vote of the people at the late municipal election, the terms of exchange to be substantially as follows:

First: Holders desiring to make such exchange must give notice of their election to exercise said option by depositing their bonds with the Avers National Bank of Jacksonville on or before May 20, 1928.

Second: The new bonds will not be issued in less denominations than \$500.00 and any holder desiring to make the exchange must deposit bonds aggregating \$500.00 or some multiple thereof.

Third: In lieu of requiring any premium on the new bonds, the exchange will be made on the following basis: par for par as of June 1st, 1928, that is to say, the old bonds will be accepted on June 1st, 1928, at par and accrued interest to that date in payment for the new bonds which will be dated June 1st, 1928 and issued on that date at par.

Fourth: The new bonds will mature serially in the years 1928 to 1937 inclusive. Preference as to maturities will be given to the holders electing to make the exchange in the order of their deposit. It will be assumed that the latest maturities are the most desirable unless the depositor specifies a preference for some other maturity.

All "Reservoir Bonds" not exchanged will be called for payment June 30, 1928.

Dated this 27th day of April 1928.

John J. Reeve, Mayor.
F. A. Robinson, City Clerk.

Market Report

By The Associated Press

BREAKS AND BULGES PREVAIL IN GRAINS

CHICAGO, May 4 (AP)—Wheat prices fluctuated at pace horse speed today, repeatedly breaking and bulging on indecisive reports about the effect of rains in the winter crop belt. Bulls contended that much damage done by drought was irreparable.

Closing quotations on wheat were irregular, 3-4c net lower to 7-8c higher, with corn 1-4 to 1c up, oats showing 1-8 to 1-4 to 7-8c advance and provisions unchanged to a rise of 35c.

Price changes in wheat showed a 1-2c a bushel difference between limits reached at various times during the day. Always the main reason was some development pointing to greater or less benefit which the winter crop has received from better moisture supplies, especially in Kansas and Nebraska. About the most comprehensive summary obtainable said that the rains would have the effect of stopping crop deterioration and that if additional and timely moisture came it would save the part of the wheat crop which is not already beyond recovery.

One of the best trade authorities here pointed out, however, that as a result of drought which has existed since wheat germinated last fall a very considerable acreage of wheat has been permanently abandoned and has been seeded to other crops. Meanwhile a further large amount of acreage is so lacking in vitality and so thin on the ground that at best it can make only a small yield. The day ended with advices current that export demand was fairly good, that North American exports for the week showed a rather sharp falling off and that frosts were looked for tonight in Kansas and Nebraska as well.

Corn averaged higher, purchases of corn against sales of land being a factor. Country offerings of corn diminished to a material extent, but weather conditions over the corn belt were more favorable. Most commission houses leaned to the buying of the oats market.

Provisions reflected upturns in the price of corn, notwithstanding sales of land to close spread transactions in which corn was simultaneously being bought.

CHICAGO BUTTER

Chicago, May 4 (AP)—Butter today ruled steady, with a firm on the medium and lower grades. Receivers in some quarters were free sellers of top scores which were showing some accumulation. Buyers showed very little interest in fancy butters and trade was slow.

Medium and lower grades were firm, and were closely cleared under fairly active demand. The central city market ruled about steady with offerings of 89 and 90 scores quite liberal, and trade was slow.

Fresh: 82 score, 43; 91, 42; 96, 42; 89, 42; 88, 41; 87, 41. Centralized: 90 score, 43; 89, 42; 88, 41.

NEW YORK, May 4 (AP)—A sweeping advance in stock prices today was Wall street's response to the retention of the 4 percent rediscount rate by the New York Federal Reserve Bank. Extreme gains in the active issues ranged from 2 to 12 1/4 points.

So great was the accumulation of buying orders that the ticker fell behind the market in the first few minutes of trading and was just 59 minutes late in recording the last quotation. The day's sales totaled 4,364,100 shares.

Buying orders were distributed over a broad list, but the motor, airplane, and public utility shares gave the most impressive demonstrations of group strength. Half moved up with the industrials, but the gains were not as large.

General Motors regained its former place as the market leader by climbing 9 points to a new high record of 105, and closing within a small fraction of the top. Chrysler touched a new peak at 75 1/2, but lost part of its gain. Glandier-Cleveland common and preferred moved into new high ground for the year.

Hupp moved up 3 points and Studebaker, Hudson, Nash and a number of the accessory issues climbed a point or more. New peak prices in the public utility group were registered by such representative shares as American Telephone, International Telephone, Consolidated Gas, North American Co. International Telephone stood out with an extreme gain of 10 points to 178, closing at 176 1/2.

Curtis Aeroplane and Wright Aeronautical each soared about 12 points to new high records at 108 and 158 1/2, respectively, recording later a 106 1/2 and 153 1/4 on realizing.

Armour & Co. B. and Stromberg Carburetor also broke into new high ground. Call money renewed at 5 percent and held steady at that figure all day.

Weekly bank clearings \$13,516,363,000, an increase of 24 1/2 percent over last year.

VIRGINIA PHYSICIAN HURT IN FRIDAY ACCIDENT

Dr. C. W. Smith of Virginia was in Jacksonville yesterday because of an injury sustained to his left shoulder, while making minor repairs on his automobile. Dr. Smith was under the car, which was on a jack. The support slipped, letting the machine fall.

The weight of part of the car came down on Dr. Smith's shoulder, severing some of the tendons. X-ray pictures showed a rather painful injury, which, however, is not considered serious.

DECATUR LEADS IN BIG TWELVE MEET

Decatur, May 4. (Special)—Taking a second, third, and fourth place in the Big Twelve literary and musical meet yesterday, Jacksonville High school made a good showing, but failed to capture enough points in the stiff competition to earn a place among the first four schools.

Points for Jacksonville were taken in the voice contests by John White, second in tenor solo, Sarah Mason, third in contralto solo, and John Russell, fourth in bass solo.

In the violin contest, Harry Birdsell was awarded fourth place. William Crandall placed third in trombone solo competition.

The solo literary honor for Jacksonville came when Hazel Taylor took fourth in interpretive reading. In the piano contest Jacksonville did not place.

Competition for the boys' and girls' glee clubs, and treble clef clubs, is to be held Saturday. These contests may change the standings of the school considerably.

As the contest standings were at the close of the individual events, leaders in the meet were Decatur, with 16 points; Springfield, 14; Urbana, 13, and Champaign, 12.

In the debate for the conference championship held tonight, Dekin took both negative and affirmative decisions from Springfield.

MISS FANNIE JORDAN DIES IN DECATUR

Word has been received by relatives of the death of Miss Fannie Jordan which occurred at 3 o'clock Friday morning at a Decatur hospital. Miss Jordan was a niece of the late W. H. Jordan of this city and often visited relatives here, where she will be remembered by many friends. Funeral services will be held at two-thirty p. m., at the Blue Mount Chapel, near Decatur.

NINE CASES ADDED TO MAY COURT DOCKET

Merceda Mun. Seeks Damages From Alleged Assault—Divorce Suits Filed on Last Day of Service.

Nine more cases were added to the circuit court docket for the May term yesterday the final filing day for the term. The cases included both chancery and law suits.

Alleging that Raymond Scott beat, bruised, wounded and otherwise mistreated him Ira Braden, then 13 attorneys Thompson and Thompson filed suit claiming damages amounting to \$5,000. The plaintiff alleges that Scott attacked him on November 2, 1927 in Merceda, where both the plaintiff and defendant reside.

Ira Taylor is complainant in a suit filed against his wife, Mrs. Fannie C. Taylor, brought to secure divorce. The complainant alleges desertion, averring that the two were married on February 25, 1889 and resided together until October 11, 1922. They are the parents of three children, W. N. Hickey, who is the complainant's attorney.

Mr. Hickey is also attorney for Mrs. Evelyn J. McKeljohn who seeks divorce from her husband, James S. McKeljohn. The complainant alleges cruelty, stating that on numerous occasions her husband has performed acts of extreme cruelty from which she suffers severely. Among her things he has taken her husband's dishes and threw them at her. The McKeljohns were married on November 3, 1909 and according to the bill they resided together until April 23, 1928.

Mrs. Eva E. Meggison has brought suit against her husband, Simpson S. Meggison, for separate maintenance. The complainant claims that she has offered to reside with her husband, from whom she was separated after their marriage on December 5, 1894, but that he refuses. She asks that the court provide maintenance for her. B. F. Sears is the complainant's attorney.

GROWTH OF ROTARY TOLD BY DR. PONTIUS

Fathers and Sons Dinner Set for Friday, May 18th—Discuss District Conference.

Dr. M. L. Pontius, past district governor of Rotary International, told the members of the club at the regular weekly meeting held at the Peacock Inn yesterday, something of the growth of Rotary throughout the world. Dr. Pontius used a huge map to illustrate the remarkable growth of the club.

Emmett S. Finley, chairman of the Boys Work committee announced at the meeting yesterday that the father and son dinner would be held on Friday, May 18th. At that time a speaker familiar with boys work will deliver the address.

Harry M. Andre spoke briefly on plans being made for the Quincey conference, which will be held May 22nd and 23rd. A large delegation from the local club will attend.

Dr. Clarence McClelland, president-elect of the club also told the members something about the arrangements for the international convention which is to be held at Minneapolis. Dr. McClelland will represent the local club at this meeting.

Dr. Pontius, in his address, which was greatly enjoyed by the members, showed the rapid strides Rotary has made during the years since the world war.

When the Jacksonville Rotary club was organized in 1918, only four countries were represented in Rotary International, Dr. Pontius said. Since that time Rotary has spread through 44 countries, with 2,757 clubs and 133,000 members.

The speaker said that while some have said that Rotary was a creed or a doctrine, he was of the opinion that it was a passion.

The guests of the club yesterday were Rev. J. F. Langton, and Grant Grav of this city and Rotarian Tom Blee of Peoria.

Brotherhood of the Congregational church held its regular meeting at the church last night with a good attendance of the membership present.

Supper was served by a committee composed of C. H. Smith, C. P. Joy, E. G. McKay, Dr. D. P. Hueston and Glen Ebaugh.

Following the supper the business meeting was called to order by R. W. Woolson, chairman of the program committee.

Rev. Wayne L. Waters, pastor of the church gave a very interesting report of the presentation of the Passion Play as given by the Bloomington Consistory players.

This being the annual business meeting of the Brotherhood and the last to be held until September, the election of officers for the coming year was held. The following officers were chosen:

President—William D. Wood. Vice President—Dr. George Brennan. Secretary—Howard P. Potter. Treasurer—Asa M. Robinson.

BIRTHDAY DINNER AT MURRAYVILLE HOME

Since Wednesday was the birthday anniversary of Mrs. John Hayes, her daughter, Mrs. Robert Wilson planned a surprise dinner to take place last Sunday at the Hayes home, near Murrayville.

Friends of Mrs. Hayes began arriving promptly at the hour agreed upon, surprising her completely. They brought with them well-filled baskets of food, and a most enjoyable time was spent. A number of splendid gifts were given to Mrs. Hayes.

Among those present were Mrs. Sherman Fanning, Mr. and Mrs. L. P. Mills and son Forest, Mrs. Louise Kennedy and daughter, Mr. and Mrs. William Brooks, Mr. and Mrs. Gilbert Flynn, all of Jacksonville. Mr. and Mrs. Harvey Hayes of Murrayville and Mr. and Mrs. Robert Wilson and two daughters of Woodson.

FOUR FINED FOR SPEEDING IN CITY

Justice of the Peace A. B. Opperman was busy yesterday afternoon assessing fines against four youths charged with driving automobiles at an excessive rate of speed.

Early Friday morning members of the night police force arrested two automobile drivers, on a charge of racing on East College avenue. One of the youths, Myron Berger, appeared before the court and entered a plea of guilty and was fined \$14.10. The other participant in the alleged race, Stewart Greenleaf, also was fined \$14.10 for speeding.

Friday afternoon Motorcycle Policeman Frank Snyder, arrested two youths who were said by the officer to have conducted a race on South Main street. The officer brought the two youths, Howard Wooten and LaVerne Hadley before the justice, who after a plea of guilty, assessed the usual fine of \$14.10.

I. C. TRUSTEES TALK NEW LIBRARY PLANS

The trustees of Illinois colleges met for supper and a special meeting of the board at the New Dunlap Hotel last night. The meeting was called for the purpose of passing on the plans of the new library building which are rapidly nearing completion.

The trustees were pleased with the plans as being perfected by Architect Denison Hull of Chicago.

At the meeting last night there was also some discussion of the problem of the new heating plant for the college.

Dr. F. Garm Norbury was elected a member of the board to fill the vacancy recently created by the resignation of John A. Ayers, who has been a member of the board for 27 years.

Among the out of town trustees present at the meeting were E. Bentley Hamilton of Peoria and John Barber of Springfield.

In the absence of Chairman Andrew Rusch, Harry M. Capps, presided.

FLAMES CONSUME GARAGE CONTENTS

White Hall, May 4.—The garage and contents, including a practically new Pontiac coach, were destroyed Thursday afternoon when shortly before 2 o'clock the blaze was discovered at the residence of Clarence Ballard on Centennial street. The fire was communicated to the structure, it is believed, from a bonfire in the yard of the Ballard home.

The contents included some truck tires and racks and tools used in connection with Mr. Ballard's commercial truck business, and the total loss figures around \$1,700. The only insurance carried covered the Pontiac car. The truck was saved.
